Town of Urbanna
Mr. Lewis Filling
Hon. Donald Richwine

Secretary/Director
Mr. Lewis L. Lawrence

May 2011

Dear Homeowner:

I am pleased to announce that the Middle Peninsula Planning District Commission (MPPDC) is accepting applications for its Regional On-Site Wastewater Treatment and Disposal Funding Program. Enclosed is an application for assistance from this program.

This Program provides financial assistance to Middle Peninsula area homeowners for the repair and/or replacement of malfunctioning on-site wastewater systems, such as septic tanks and drain fields. The terms of the financial assistance are based on the applicant's household income and type of system. Loan interest rates range from 0% to prime plus 2%. Limited grant funding, when available, is through a grant of Water Quality Improvement Funds from the Virginia Department of Conservation and Recreation. Grant funding for part of the repair costs may be available for the installation and design of septic systems for homeowners who meet income guidelines. Financial assistance for system improvements costing \$5,000 or less will be financed for up to 60 months. Improvements costing more than \$5,000 will have the option of financing for up to 119 months. System improvements costing more than \$10,000 will have the option of financing for up to 180 months. All system improvements in excess of \$3000 funded by loans from this program will be secured with a deed of trust granted to the Middle Peninsula Planning District Commission.

To apply for this program, an applicant must complete and submit an application and a \$25 application fee (check or money order only) made out to MPPDC. The applicant must also obtain a letter from their local health department stating that their current system is malfunctioning and requires repair. Once the application for assistance is approved, applicants are required to sign an agreement stating the scope of on-site system repairs or replacement, maximum loan amount, amount of grant funding (if any), interest rate on the loan, and repayment schedule. The homeowner is responsible for obtaining a Septic Repair Permit from the local health department and any other required permits. An Easement and Landowner Agreement specifying that the homeowner will be responsible for maintaining the system may be required depending on the system installed and the funding utilized.

Financial assistance is based on ability to pay and the availability of grant funding and loan funds. Final determination will be made by review of the MPPDC Loan Management Committee. If you have any questions concerning this program, please do not hesitate to contact me – (804) 758-2311 or bjohnson@mppdc.com.

Sincerely,

Beth Johnson
MPPDC Onsite Program Manager

Enclosure

This project received funding from the Virginia Water Quality Improvement Fund provided by the Virginia Department of Conservation and Recreation (DCR), via grant number WQIF-2010-P13

Middle Peninsula Planning District Commission Regional On-Site Wastewater Treatment and Disposal Funding Program Application

All applications must be accompanied by a \$25.00 application fee (please make check or money order payable to MPPDC).

Note: New homes are not eligible for loans or grants under this program.
